

TIGHT - EVEN WITHOUT A BATTERY

G2_AKKU DUMMY

If the THOUGHTBOOK G2 is mains-operated or the battery has to be removed during transport as potentially hazardous goods, the battery connection of the THOUGHTBOOK G2 is not sufficiently sealed against contamination and moisture.

A simple, efficient solution is the G2_AKKU DUMMY, which offers protection and even withstands splashing water. It is particularly suitable for workplaces that tend to be damp, such as submarines, deep-freeze logistics or air freight.

The AKKU DUMMY also flattens the back of the TOUGHBOOK to form a homogeneous surface, which not only makes it more pleasant to the handle but is also attractive.

Already installed
in submarines and
successfully in use

FUNCTION

Protects the battery compartment from moisture and dirt

FACTS

- Covers the battery bay for better handling (when operating without battery)
- Seals the battery connector of the tablet (splash water tested)

FEATURES

- Easy Handling
- Pleasant haptics
- Splash water resistant

USEABLE WITH PWA SOLUTIONS

- PWA_G2_NFC (NFC READER)
- PWA_G2_PeHo_B (PEN HOLDER)
- PWA_G2_PH (POLE HOLDER)
- PWA_G2_MEDICAL (MEDICAL BUNDLE)
- PWA_G2_RTK (RTK GNSS)
- PWA_G2_TF (TRIMBLE RADIO)
- PWA_G2_lrBT (LONG RANGE BLUETOOTH RADIO)
- PWA_G2_oGPS (OPTIONAL GPS)
- PWA_G2_FLX (FLX100 MOUNT)
- PWA_G2_APUSB (ANTENNA PLUG + USB)
- PWA_G2_OSCR (OPEN SMART CARD READER)
- PWA_G2_USBDC (USB DONGLE COVER)
- PWA_G2_RUSB (RUGGED USB)
- PWA_G2_MAG (MAGNETO)
- PWA_G2_RH (RUGGED HANDLE)
- PWA_G2_PuH (PUT UP HINGE)
- PWA_G2_HHH (HANDLE HAND STRAP HOOLSTER)
- PWA_G2_4PC (4 POINT CARRIER)
- PWA_G2_RPH (REAR PEN HOLDER)
- PWA_G2_GCG (GIANT CORNER GUARDS)
- PWA_G2_NCG (NO CORNER GUARDS)
